Shape

Even if the SHIKII SUBERI is worn away, it keeps the surface 2 colors completely. (DX type)

1. SHIKII SUBERI is 8 times stronger for abrasion than general wood.
2. Sliding door on SHIKII SUBERI can be opened much more smoothly.
(You need just only 1/3 strength to open sliding door)
3. You don't need to care about expanding and shrinkage by heat and cracking.
